Nirjhar Das

✉ dnirjhar@stanford.edu
https://nirjhar-das.github.io

Education

2026–Present **Stanford University**
PhD in Management Science & Engineering

2024–2026 **Indian Institute of Science, Bangalore**
M.Tech (Research) Computer Science
Courses: Design and Analysis of Algorithms, Randomized Algorithms, Topics in Geometric Algorithms

2019–2023 **Indian Institute of Technology Delhi**
B.Tech Electrical Engineering
Minor in Artificial Intelligence
Courses: Reinforcement Learning and Stochastic Control; Online Learning, Bandits and Optimization; Convex Optimization; Concentration Inequalities; Machine Learning; Probability and Stochastic Processes; Mathematics for Machine Learning

Experience

Sep 2026–Present **Stanford University**
PhD Student
Advisor - Prof. Ashish Goel
Working on problems in Matching Theory in modern applications.

Aug 2024–July 2026 **Indian Institute of Science, Bangalore**
Research Student
Advisor - Prof. Siddharth Barman
Worked in Learning Theory, Game Theory and Approximation Algorithms. **Master's Thesis**
Teaching assistant for the graduate course Design and Analysis of Algorithms.

Aug 2023–June 2024 **Microsoft Research, Bangalore**
Research Intern
Manager - Dr. Gaurav Sinha
Worked on new bandit models better suited to industrial application in advertising and developed algorithms with theoretical guarantees and empirical performance.

2019–2023 **Indian Institute of Technology Delhi**
Undergraduate
Advisor - Prof. Arpan Chattopadhyay
Undergraduate Thesis **Part 1** - Inverse Reinforcement Learning with Constraint Recovery and **Part 2** - Linear Rotting Bandits [won **Best Undergraduate Thesis Award**]
Teaching assistant for the graduate course on Reinforcement Learning and Stochastic Control.

Summer 2022 **Mastercard AI Garage, New Delhi**
Artificial Intelligence Intern
Built a semi-supervised deep learning pipeline for fraud detection in credit card transaction.

Publications

Honors and Awards

2025 **Reliance Foundation Postgraduate Scholarship:** Received the scholarship awarded to top 100 students out of 10,000+ applicants across India.

2024 **Adobe-IISc Research Workshop:** Won the *1st Runner Up* award in Student Research Presentation in IISc Bangalore sponsored by Adobe Research India.

2024 **Microsoft Travel Grant:** Awarded for presenting our work in ECML PKDD 2024.

2023 **Best Paper Award:** Won the award at International Conference on Pattern Recognition and Machine Intelligence (PReMI) 2023.

2023 **Best Undergraduate Thesis Award:** Won the award among *160+* students in the EE department for research carried out in BTech Project.

2023 **Amazon ML Challenge 2023:** Achieved *6th* rank out of *5000+* teams by building a deep-learning model for the prediction of package length from item description.

2019–2023 **Top 7% of the Batch:** Awarded in a total of *4* semesters out of *8* during undergraduate.

2019 **Indian School Certificate:** Achieved *2nd* rank all over India out of 100,000+ students in Class XII Board (High School Graduation) Exam with 499/500 marks.

2019 **Swami Vivekananda Scholarship:** Awarded by *Hon'ble Chief Minister* of West Bengal for excellent performance in Class XII Board (High School Graduation) Exam.

Skills

Python, C, C++, Java *Programming Languages*

NumPy, SciPy, Matplotlib, Scikit Learn, Pandas, Cvxpy *Data Science Libraries*

Academic Service and Extracurricular Activities

- **Reviewer** for FOCS 2026, SODA 2026, NeurIPS 2025, IoT Journal 2024, FSTTCS 2025
- **Organizer** of Bangalore CS Theory Seminar (`https://www.csa.iisc.ac.in/theoryseminars/`)
